

Eastern Victoria Chapter

# Car Care Night

## Supercheap Auto, Springvale

Thursday evening,  
7 March, 2019

Come along armed with your questions for an informal evening of MX-5 body and interior care, led by Michael from Meguiars.

<b>Where:</b>	Super Cheap Auto, Springvale (also known as Sandown). Springvale Junction, 831-837 Princes Highway, Springvale. <i>It's in the same shopping area as Spotlight, Daniel's Donuts and Coles. Best access is found from the service lane on the City-bound side of the Princes Highway or from the turn in near Nandos etc on Springvale Rd.</i>
<b>When:</b>	6pm until approx 9pm.
<b>What:</b>	Michael from Meguiars (one of their representatives) has offered his expertise regarding vehicle care utilising their products – specifically leather care, soft top care and basic vehicle cleaning techniques to avoid scratches.  If there are other specific things that anyone would like attended to – eg, scratch removal or headlight polishing – please let Nic know and if the demand is there Michael should be able to accommodate these as well.

Suggestions will be welcome on the night also as to what people might like to have demonstrated to them in future. Depending on the turnout there is hope that this may become a regular event.

The store will be open until 7pm so early on if anyone does want to purchase any products they are more than welcome to, however the intention of the event is not to product sales for the store, more so that it's a convenient location.

There is an undercover area that will fit quite a few people in should the weather be poor.

Food and drink can be found at multiple take away venues - Subway, Coles, Daniel's Donuts, Pizza Hut, Nandos, KFC (across the road) and Red Rooster.
