# MX-5 30th Birthday Bash

Sunday, 6 October, 2019

**Lardner Park, Drouin, Gippsland**

**Save the Date!**

We've already celebrated the 30th anniversary of the worldwide release of the Mazda MX-5/Miata, but now it's time to celebrate the one that matters to us – the 30th anniversary of the MX-5's Australian release.

**What's happening?**

We're planning to have runs assembling at outer Melbourne locations and heading to Lardner Park in Drouin (the same venue as the *Fanfest Drive Day* in 2017) where we'll have a catered lunch and a guest speaker to celebrate.

Of course, there'll be a cake to cut as well.

We are keen to get as many MX-5s there on the day as possible. We are looking particularly to celebrate the NA model and we want to ensure that we get every possible NA there, with a special emphasis on the 1989 models – ie, 30-year old cars.

**Time to start polishing folks.**

**More info will come later, but PLEASE put this date in your diary.**
