2018-2019 Awards lunch & Annual General Meeting

Sunday, 4 August, 2019

The annual awards lunch is almost upon us and this time we're including the AGM (won't take long). This will give all those attending the opportunity to vote on a few important issues.

This year we are privileged to have as our guest speaker **Brian Tanti**, a world-renowned auto body builder and restorer who was until recently the director of the **Lindsay Fox Museum** at Docklands.

Brian specialises in restoring rare and exotic vehicles and has worked on the likes of Rolls Royce Silver Ghost, Porsche 550 Spyder, Ferrari 250 GT and Mercedes 300SL Roadster. Currently living in Sydney, he has set up a workshop where he can satisfy his urge to shape metal. The photo above shows his Porsche 550 Spyder re-creation with Stirling Moss in the cockpit.

Brian will provide an audiovisual presentation describing his history and some of his projects.

This is an opportunity you cannot afford to miss. Check out his website and we're sure you'll agree: briantantisworkshop.com

The venue for this event is the modern dining facility at the Beaconsfield Football Club, just outside Beaconsfield. Start time will be 12 noon at the venue.

The Club is subsidising the meal so the cost is only \$30 per person.

The cost includes a two-course meal, all soft drinks and a coffee/tea service. If you'd prefer a barista-style coffee or an alcoholic drink, these will be available at extra cost.

There will be runs from the east and from Melbourne to get you there.

We expect demand to be high so book now! Please register and pay online at: <https://mx5vic.org.au/mazda-mx-5-club-events/2019-agm-annual-awards-rsvp/>
