WELCOME!

Mazda MX-5 Club iRacing Series

Welcome to the Mazda MX-5 Club iRacing Challenge.

Interested in testing your virtual driving skills against other Mazda MX-5 Club members? Perhaps you want to prepare your lines before taking your actual MX-5 to the track?

This is the place for you.

Racing the most famous Roadster on the face of the planet in some of the most incredible tracks the world has to offer for our little cars.

How to get started?

Setup – Computer, Steering Wheel, Pedals and maybe a rig?

iRacing requires a fairly entry level gaming computer or PC with good graphics card. Check out iRacing’s website for recommended specifications. In terms of force feedback wheel and pedals, the world is your oyster, however a Logitech G923 is a good place to start. Rigs to mount wheel, pedals and screens are available. You can setup at a desk if you like. Up to your preference and budget.

iRacing Subscriptions

To participate in iRacing, **you** need to pay a subscription fee. They regularly do deals, but it’s cheaper to pay for a couple years upfront. The MX-5 Cup Car is free, as is many international circuits. Unfortunately for us Aussies, Bathurst, Winton and Phillip Island you have to buy.

Mazda MX-5 Club iRacing Series

We plan on running a season every 3 months in keeping with the iRacing season schedule. We’ll run practice, qualifying and then 2 heats per round. At the end of the year, we’ll award our Club Champion! That simple.
